Somerset Historic Center

Dear Mr. Dunn:

It is with strong enthusiasm that I recommend DeVö Productions as a video production company.

The Park District's video involved a full year of scheduled shooting. From scripting to site selections, DeVö Productions offered professional and productive insights into the development of a multi-faceted, public relations tool. The company's staff was reliable, creative and enthusiastic. DeVö Productions' technical expertise was impressive and ensured the completion of a high quality product. The project came in on schedule and we were able to premier the video at the 1995 Canfield Fair as planned. Public reaction to the video has been quite positive.

The Park District plans to consult DeVö Productions regarding future marketing and video projects. I highly recommend this talented company.

Sincerely,

**BOARD OF PARK COMMISSIONERS
